1. INTRODUCTION

1.1 Statutory Framework

The George Eliot Hospital NHS Trust (the Trust) is a statutory body which came into existence on 1st July 2009 under The George Eliot Hospital NHS Trust (Establishment) Order No 1510.

(1) The principal place of business of the Trust is College Street, Nuneaton, CV10 7DJ.

(3) The functions of the Trust are conferred by this legislation.

(4) As a statutory body, the Trust has specified powers to contract in its own name and to act as a corporate trustee. In the latter role it is accountable to the Charity Commission for those funds deemed to be charitable as well as to the Secretary of State for Health.

(5) The Trust also has statutory powers under Section 28A of the NHS Act 1977, as amended by the Health Act 1999, to fund projects jointly planned with local authorities, voluntary organisations and other bodies.

(6) The Code of Accountability requires the Trust to adopt Standing Orders for the regulation of its proceedings and business. The Trust must also adopt Standing Financial Instructions (SFIs) as an integral part of Standing Orders setting out the responsibilities of individuals.

(7) The Trust will also be bound by such other statutes and legal provisions, which govern the conduct of its affairs.

1.2 NHS Framework

(1) In addition to the statutory requirements the Secretary of State through the Department of Health and Social Care issues further directions and guidance. These are normally issued under cover of a circular or letter.

(2) The Code of Accountability requires that, inter alia, Boards draw up a schedule of decisions reserved to the Board, and ensure that management arrangements are in place to enable responsibility to be clearly delegated to senior executives (a scheme of delegation). The code also requires the establishment of audit and remuneration committees with formally agreed terms of reference. The Codes of Conduct makes various requirements concerning possible conflicts of interest of Board members.

(3) The Code of Practice on Openness in the NHS sets out the requirements for public access to information on the NHS.

1.3 Delegation of Powers

The Trust has powers to delegate and make arrangements for delegation. The Standing Orders set out the detail of these arrangements. Under the Standing Order relating to the Arrangements for the Exercise of Functions (SO 5) the Trust is given powers to “make arrangements for the exercise, on behalf of the Trust of any of their functions by a committee, sub-committee or joint committee appointed by virtue of Standing Order 4 or by an officer of the Trust, in each case subject to such restrictions and conditions as the Trust thinks fit or as the Secretary of State may direct”. Delegated Powers are covered in a separate document (Reservation of Powers to the Board and Delegation of Powers). (See Section 1.8 and Appendix 2 of the Corporate Governance Framework Manual).
This document has effect as if incorporated into the Standing Orders. Delegated Powers are covered in a separate document entitled – ‘Schedule of Matters reserved to the Board and Scheme of Delegation’ and have effect as if incorporated into the Standing Orders and Standing Financial Instructions.

1.4 Integrated Governance

Trust Boards are now encouraged to move away from silo governance and develop integrated governance that will lead to good governance and to ensure that decision-making is informed by intelligent information covering the full range of corporate, financial, clinical, information and research governance. Guidance from the Department of Health on the move toward and implementation of integrated governance has been issued and is incorporated in the Trust’s Governance Strategy (see Integrated Governance Handbook 2006). Integrated governance will better enable the Board to take a holistic view of the organisation and its capacity to meet its legal and statutory requirements and clinical, quality and financial objectives.

1.5 Foundation Group Membership

On 24 May 2018 the Trust joined a Foundation Group, comprising South Warwickshire NHS Foundation Trust, and Wye Valley NHS Trust. SECTION D: STANDING FINANCIAL INSTRUCTIONS

10. INTRODUCTION

10.1 General

10.1.1 These Standing Financial Instructions (SFIs) are issued in accordance with the Trust (Functions) Directions 2000 issued by the Secretary of State which require that each Trust shall agree Standing Financial Instructions for the regulation of the conduct of its members and officers in relation to all financial matters with which they are concerned. They shall have effect as if incorporated in the Standing Orders (SOs).

10.1.2 These Standing Financial Instructions detail the financial responsibilities, policies and procedures adopted by the Trust. They are designed to ensure that the Trust’s financial transactions are carried out in accordance with the law and with Government policy in order to achieve probity, accuracy, economy, efficiency and effectiveness. They should be used in conjunction with the Schedule of Decisions Reserved to the Board and the Scheme of Delegation adopted by the Trust.

10.1.3 These Standing Financial Instructions identify the financial responsibilities which apply to everyone working for the Trust and its constituent organisations including Trading Units. They do not provide detailed procedural advice and should be read in conjunction with the detailed departmental and financial procedure notes. All financial procedures must be approved by the Director of Finance.

10.1.4 Should any difficulties arise regarding the interpretation or application of any of the Standing Financial Instructions then the advice of the Director of Finance must be sought before acting. The user of these Standing Financial Instructions should also be familiar with and comply with the provisions of the Trust’s Standing Orders.

10.1.5 The failure to comply with Standing Financial Instructions and Standing Orders may be regarded as a disciplinary matter that could result in dismissal.

10.1.6 Overriding Standing Financial Instructions – If for any reason these Standing Financial Instructions are not complied with, full details of the non-compliance and any justification for non-compliance and the circumstances around the non-compliance shall be reported to the next formal meeting of the Audit Committee for referring action or ratification. All members of the Board and staff have a duty to disclose any non-compliance with these Standing Financial Instructions to the Director of Finance as soon as possible.

10.2 Responsibilities and delegation

10.2.1 The Trust Board

The Board exercises financial supervision and control by:

(a) formulating the financial strategy;

(b) requiring the submission and approval of budgets within approved allocations/overall income;

(c) defining and approving essential features in respect of important procedures and financial systems (including the need to obtain value for money);

(d) defining specific responsibilities placed on members of the Board and employees as indicated in the Scheme of Delegation document.

The Board has resolved that certain powers and decisions may only be exercised by the Board in formal session. These are set out in the Reservation of Powers Section C above document. All other powers have been delegated to such other committees as the Trust has established.
10.2.2 The Chief Executive and Director of Finance

The Chief Executive and Director of Finance will, as far as possible, delegate their detailed responsibilities, but they remain accountable for financial control.

Within the Standing Financial Instructions, it is acknowledged that the Chief Executive is ultimately accountable to the Board, and as Accountable Officer, to the Secretary of State, for ensuring that the Board meets its obligation to perform its functions within the available financial resources. The Chief Executive has overall executive responsibility for the Trust’s activities; is responsible to the Chairperson and the Board for ensuring that its financial obligations and targets are met and has overall responsibility for the Trust’s system of internal control.

It is a duty of the Chief Executive to ensure that Members of the Board and, employees and all new appointees are notified of, and put in a position to understand their responsibilities within these Instructions.

10.2.3 The Director of Finance

The Director of Finance:

For further guidance on Reverse eAuctions refer to [https://www.gov.uk/guidance/eauctions#reverse-eauctions](https://www.gov.uk/guidance/eauctions#reverse-eauctions) These auctions are referred to as ‘Electronic auctions’.

17.5 **Formal Competitive Tendering and Competitive Quotation Exercises**

17.5.1 **General Applicability**

17.5.1.1 The Trust shall ensure that competitive tenders or competitive quotation exercises are invited for:

- the supply of goods, materials and manufactured articles;
- the rendering of services including all forms of management consultancy services (other than specialised services sought from or provided by the DH);
- For the design, construction and maintenance of building and engineering works (including construction and maintenance of grounds and gardens); for disposals.

17.5.1.2 The Trust shall ensure that all contracts take a whole-life approach, ensuring that products and services required for on-going support are incorporated.

17.5.2 **Health Care Services**

Where the Trust elects to invite tenders for the supply of healthcare services these Standing Orders and Standing Financial Instructions shall apply as far as they are applicable to the tendering procedure and need to be read in conjunction with Standing Financial Instruction No. 18 and No. 19.
### 17.5.3 Exceptions and instances where formal tendering or competitive quotation exercises need not be applied

Formal tendering procedures or competitive quotation exercises **need not be applied** where:

(a) the estimated expenditure or income does not, or is not reasonably expected to, reach £25,000;

(b) where the supply is proposed under special arrangements negotiated by the DH in which event the said special arrangements must be complied with;

(c) regarding disposals as set out in Standing Financial Instructions No. 25;

Formal tendering procedures or competitive exercises **may be waived** in the following circumstances:

(d) in very exceptional circumstances where the Chief Executive decides that formal tendering procedures would not be practicable or the estimated expenditure or income would not warrant formal tendering procedures, and the circumstances are detailed in an appropriate Trust record;

(e) where the timescale genuinely precludes competitive tendering but failure to plan the work properly would not be regarded as a justification for a singletender;

(f) there is a clear benefit to be gained from maintaining continuity with an earlier project or it is essential to complete a recent project. However in such cases the benefits of such continuity must outweigh any potential financial advantage to be gained by competitivetendering;

(g) no other known manufacturer or supplier is able to meet the required standard or specification;

(h) standardisation of equipment and already agreed as a Trust standard;

(i) value of investigative/dismantling work by the contractor makes a competitive quote for repair impractical;

(j) risk to essential service necessitates immediate commencement;

(k) for the provision of legal advice and services providing that any legal firm or partnership commissioned by the Trust is regulated by the Law Society for England and Wales for the conduct of their business (or by the Bar Council for England and Wales in relation to the obtaining of Counsel’s opinion) and are generally recognised as having sufficient expertise in the area of work for which they are commissioned.

The Director of Finance will ensure that any fees paid are reasonable and within commonly accepted rates for the costing of such work.

(l) where allowed and provided for in the Capital Regime and Investment Business Case Approvals Guidance for NHS Trusts;

The waiving of competitive tendering procedures should not be used to avoid competition or for administrative convenience or to award further work to a consultant originally appointed through a competitive procedure.

Where it is decided that competitive tendering is not applicable and should be waived, the fact of the waiver and the reasons should be documented and recorded in an appropriate Trust record and reported to the Audit Committee at each meeting.

### 17.5.4 Fair and Adequate Competition

Where the exceptions set out in SFI Nos. 17.1 and 17.5.3 apply, the Trust shall ensure that invitations to tender are sent to a sufficient number of firms/individuals to provide fair and adequate competition as appropriate, and in no case less than two firms/individuals, having regard to their capacity to supply the goods or materials or to undertake the services or works required.
17.5.5 **Supplier selection**

The Trust shall ensure that the firms/individuals invited to tender (and where appropriate, quote) are among those included on FTS compliant frameworks or via open competitive tendering procedures.

17.5.6 **Building and Engineering Construction Works**

Competitive Tendering cannot be waived for building and engineering construction works and maintenance (other than in accordance with Concode) without Departmental of Health approval.

17.5.7 **Items which subsequently breach thresholds after original approval**

Items estimated to be below the limits set in this Standing Financial Instruction for which formal tendering procedures are not used which subsequently prove to have a value above such limits shall be reported to the Chief Executive, and be recorded in an appropriate Trust record.

17.6 **Contracting/Tendering Procedure**

17.6.1 **Invitation to tender**

All competitive tendering shall be undertaken via an e-sourcing portal. This will record an audit trail to demonstrate compliance with the following:

(i) All invitations to tender shall state the date and time as being the latest time for the receipt of tenders.

(ii) All invitations to tender shall state that no tender will be accepted unless submitted via the Trust’s electronic tendering system, in accordance with the requirements of the system.

(iii) Every tender for goods, materials, services or disposals shall embody such of the NHS Standard Contract Conditions as are applicable.

(iv) Every tender for building or engineering works (except for maintenance work, when Estmancode guidance shall be followed) shall embody or be in the terms of the current edition of one of the Joint Contracts Tribunal Standard Forms of Building Contract or Department of the Environment (GC/Wks) Standard forms of contract amended to comply with concode; or, when the content of the work is primarily engineering, the General Conditions of Contract recommended by the Institution of Mechanical and Electrical Engineers and the Association of Consulting Engineers (Form A), or (in the case of civil engineering work) the General Conditions of Contract recommended by the Institute of Civil Engineers, the Association of Consulting Engineers and the Federation of Civil Engineering Contractors. These documents shall be modified and/or amplified to accord with Department of Health guidance and, in minor respects, to cover special features of individual projects.

17.6.2 **Receipt and safe custody of tenders**

(i) The electronic tendering system will receive and store tenders securely until the time appointed for their opening.

(ii) The date and time of receipt of each tender will be recorded by the e-tendering system.

(iii) The system will not allow tenders to be opened until the deadline has been reached.

(iv) The system will prevent any additional submissions when the deadline has been reached, unless the Buyer receives and confirms admissibility of late documents.

(v) The system will prevent any additional submissions when the tenders have been accessed.
17.6.3 Opening tenders and Register of tenders

(i) When the tender deadline has been reached, the Buyer may open the submissions.

(ii) Tender details will be recorded in the system, providing an audit trail without the need for a separate tender register.

(iii) The ‘originating’ Department will be taken to mean the Department sponsoring or commissioning the tender.

(iv) Every tender received shall be recorded in the system with the date of opening and the login details of the person who accessed the tender.

(v) The system maintains a register of suppliers invited to tender which includes the following information:
   - the name of all firms individuals invited;
   - the names of firms individuals from which tenders have been received;
   - the date the tenders were opened;
   - the price shown on each tender.

An initial compliance check of all bid submissions is made by the buying department.

(vi) Incomplete tenders, i.e. those from which information necessary for the adjudication of the tender is missing, and amended tenders i.e., those amended by the tenderer upon their own initiative either orally or in writing after the due time for receipt, but prior to the opening of other tenders, should be dealt with in the same way as late tenders. (Standing Order No. 17.6.5 below).

17.6.4 Admissibility

i) If for any reason the designated officers are of the opinion that the tenders received are not strictly competitive (for example, because their numbers are insufficient or any are amended, incomplete or qualified) no contract shall be awarded without the approval of the Chief Executive.

(ii) Where only one tender is received, the Head of Procurement shall, as far as practicable, ensure that the price to be paid is fair and reasonable and will ensure value for money for the Trust.

17.6.5 Late tenders

(i) Tenders received after the due time and date, but prior to the opening of the other tenders, may be considered only if there has been a technical issue with the system preventing upload of submissions. This will be at the discretion of the Head of Procurement.

17.6.6 Acceptance of formal tenders (See overlap with SFI No.17.7)

(i) Any discussions with a tenderer which are deemed necessary to clarify technical aspects of their tender before the award of a contract will not disqualify the tender.

(ii) The lowest tender, if payment is to be made by the Trust, or the highest, if payment is to be received by the Trust, shall be accepted unless there are good and sufficient reasons to the contrary. Such reasons shall be set out in either the contract file, or other appropriate record.

It is accepted that for professional services such as management consultancy, the lowest price does not always represent the best value for money. Other factors affecting the success of a project include:

(a) experience and qualifications of team members;
(b) understanding of client’s needs;
(c) feasibility and credibility of proposed approach;
(d) ability to complete the project on time. Where other factors are taken into account in selecting a tenderer, these must be clearly recorded and documented in the contract file, and the reason(s) for not accepting the lowest tender clearly stated.

(iii) No tender shall be accepted which will commit expenditure in excess of that which has been allocated by the Trust and which is not in accordance with these Instructions except with the authorisation of the Chief Executive.

(iv) The use of these procedures must demonstrate that the award of the contract was:

(a) not in excess of the going market rate / price current at the time the contract was awarded;

(b) that best value for money was achieved.

(v) All tenders should be treated as confidential and should be retained for inspection.

17.6.7 Reports to the Trust Board

Reports to the Trust Board will be made for contract values of £500,000 or more, including VAT where applicable. This should cover all contracts over that value since the last report and provide assurance on the procurement process followed, terms and conditions and the financial impact.

17.7 Quotations: Competitive and non-competitive

17.7.1 General Position on quotations

Quotations are required where formal tendering procedures are not adopted and where the intended expenditure or income reaches, or is reasonably expected to reach £25,000 but not exceed £49,999. These values include VAT where applicable.

17.7.2 Competitive Quotations

(i) Quotations should be obtained from at least 3 firms/individuals based on specifications or terms of reference prepared by, or on behalf of, the Trust.

(ii) Quotations must be treated as 'mini-tenders', and must therefore be obtained using Trust quotation documents via the electronic tendering system. Timescales and the complexity of quotation exercises will be reduced from those for tenders, but will be sufficient to ensure value for money whole-life contracts and service.

(iii) All quotations should be treated as confidential and should be retained for inspection.

(iv) The most suitably qualified evaluation team must evaluate the quotations and select the quote which gives the best value for money. If this is not the lowest quotation if payment is to be made by the Trust, or the highest if payment is to be received by the Trust, then the choice made and the reasons why should be recorded in a permanent record.

17.7.3 Non-Competitive Quotations

Non-competitive quotations in writing may be obtained in the following circumstances:

(i) the supply of proprietary or other goods of a special character and the rendering of services of a special character, for which it is not, in the opinion of the responsible officer, possible or desirable to obtain competitive quotations;

(ii) the supply of goods or manufactured articles of any kind which are required quickly and are not obtainable under existing contracts;

(iii) miscellaneous services, supplies and disposals;

(iv) where the goods or services are for building and engineering maintenance the responsible works manager must certify that the first two conditions of this SFI (i.e.: (i) and (ii) of this SFI) apply.
17.7.4 Quotations to be within Financial Limits

No quotation shall be accepted which will commit expenditure in excess of that which has been allocated by the Trust and which is not in accordance with Standing Financial Instructions except with the authorisation of either the Chief Executive or Director of Finance.

17.8 Authorisation of Tenders and Competitive Quotations

Providing all the conditions and circumstances set out in these Standing Financial Instructions have been fully complied with, formal authorisation and awarding of a contract may be decided by officers delegated authority in the Trust's Reservation of Powers. (Section C above)

Formal authorisation must be put in writing. In the case of authorisation by the Trust Board this shall be recorded in their minutes.

17.9 Instances where formal competitive tendering or competitive quotation is not required

Where competitive tendering or a competitive quotation is not required the Trust should adopt one of the following alternatives:

(a) the Trust shall use the national or other collaborative framework agreements for procurement of all goods and services unless the Chief Executive or nominated officers deem it inappropriate. The decision to use alternative sources must be documented.

(b) If the Trust does not use national or other collaborative framework agreements - where tenders or quotations are not required, because expenditure is below £25,000 the Trust shall procure goods and services in accordance with procurement procedures approved by the Director of Finance.

17.10 Compliance requirements for all contracts

The Board may only enter into contracts on behalf of the Trust within the statutory powers delegated to it by the Secretary of State and shall comply with:

(a) The Trust's Standing Orders and Standing Financial Instructions;

(b) Uk Government Procurement Directives and other statutory provisions;

(c) any relevant directions including the Capital Regime and Investment Business Case Approvals Guidance for NHS trusts, Estatecode and guidance on the Procurement and Management of Consultants;

(d) such of the NHS Standard Contract Conditions as are applicable.

(e) contracts with Foundation Trusts must be in a form compliant with appropriate NHS guidance.

(f) Where appropriate contracts shall be in or embody the same terms and conditions of contract as was the basis on which tenders or quotations were invited.

(g) In all contracts made by the Trust, the Board shall endeavour to obtain best value for money by use of all systems in place. The Chief Executive shall nominate an officer who shall oversee and manage each contract on behalf of the Trust.

17.11 Personnel and Agency or Temporary Staff Contracts

The Chief Executive shall nominate officers with delegated authority to enter into contracts of employment, regarding staff, agency staff or temporary staff service contracts.

17.12 Healthcare Services Agreements (see overlap with SFI No.18)

Service agreements with NHS providers for the supply of healthcare services shall be drawn up in accordance with the NHS and Community Care Act 1990 and administered by the
Trust. Service agreements are not contracts in law and therefore not enforceable by the courts. However, a contract with a Foundation Trust, being a PBC, is a legal document and is enforceable in law.

The Chief Executive shall nominate officers to commission service agreements with providers of healthcare in line with a commissioning plan approved by the Board.

17.13 Disposals (See overlap with SFI No.26)

Competitive Tendering or Quotation procedures shall not apply to the disposal of:

17.14 In-house Services

17.14.1 The Chief Executive shall be responsible for ensuring that best value for money can be demonstrated for all services provided on an in-house basis. The Trust may also determine from time to time that in-house services should be market tested by competitive tendering.

17.14.2 In all cases where the Board determines that in-house services should be subject to competitive tendering the following groups shall be set up:

(a) Specification group, comprising the Chief Executive or nominated officer/s and specialist.

(b) In-house tender group, comprising a nominee of the Chief Executive and technical support.

- the relevant national service framework (if any);
- the provision of reliable information on cost and volume of services;
- the NHS National Performance Assessment Framework;
- that SLAs build where appropriate on existing Joint Investment Plans;
- that SLAs are based on integrated care pathways.

18.2 Involving Partners and jointly managing risk

A good SLA will result from a dialogue of clinicians, users, carers, public health professionals and managers. It will reflect knowledge of local needs and inequalities. This will require the Chief Executive to ensure that the Trust works with all partner agencies involved in both the delivery and the commissioning of the service required. The SLA will apportion responsibility for handling a particular risk to the party or parties in the best position to influence the event and financial arrangements should reflect this. In this way the Trust can jointly manage risk with all interested parties.

- hospital admission documentation and property records;
- the oral advice of administrative and nursing staff responsible for admissions,

that the Trust will not accept responsibility or liability for patients' property brought into Health Service premises, unless it is handed in for safe custody and a copy of an official patients' property record is obtained as a receipt.

28.3 The Director of Nursing must provide detailed written instructions on the collection, custody, investment, recording, safekeeping, and disposal of patients' property (including instructions on the disposal of the property of deceased patients and of patients transferred to other premises) for all staff whose duty is to administer, in any way, the property of patients. Due care should be exercised in the management of a patient's money in order to maximise the benefits to the patient.

28.4 Where Department of Health instructions require the opening of separate accounts for patients' moneys, these shall be opened and operated under arrangements agreed by the Director of Finance.

28.5 In all cases where property of a deceased patient is of a total value in excess of £5,000 (or such other amount as may be prescribed by any amendment to the Administration of Estates, Small Payments, Act 1965), the production of Probate or Letters of Administration shall be required before any of the property is released. Where the total value of property is £5,000 or less, forms of indemnity shall be obtained.

28.6 Staff should be informed, on appointment, by the appropriate departmental or senior manager of their responsibilities and duties for the administration of the property of patients.

28.7 Where patients' property or income is received for specific purposes and held for safekeeping the property or income shall be used only for that purpose, unless any variation is approved by the donor or patient inwriting.

29. FUNDS HELD ON TRUST

29.1 Corporate Trustee

(1) Standing Order No. 2.8 outlines the Trust’s responsibilities as a corporate trustee for the management of funds it holds on trust, along with SFI 4.9.3 that defines the need for compliance with Charities Commission latest guidance and best practice.
The discharge of the Trust’s corporate trustee responsibilities are distinct from its responsibilities for exchequer funds and may not necessarily be discharged in the same manner, but there must still be adherence to the overriding general principles of financial regularity, prudence and propriety. Trustee responsibilities cover both charitable and non-charitable purposes.

The Director of Finance shall ensure that each trust fund which the Trust is responsible for managing is managed appropriately with regard to its purpose and to its requirements.

29.2 Accountability to Charity Commission and Secretary of State for Health

(1) The trustee responsibilities must be discharged separately and full recognition given to the Trust’s dual accountabilities to the Charity Commission for charitable funds held on trust and to the Secretary of State for all funds held on trust.

(2) The Schedule of Matters Reserved to the Board and the Scheme of Delegation make clear where decisions regarding the exercise of discretion regarding the disposal and use of the funds are to be taken and by whom. All Trust Board members and Trust officers must take account of that guidance before taking action.

29.3 Applicability of Standing Financial Instructions to funds held on Trust

(1) In so far as it is possible to do so, most of the sections of these Standing Financial Instructions will apply to the management of funds held on trust. (See overlap with SFI No 17.16).

(2) The over-riding principle is that the integrity of each Trust must be maintained and statutory and Trust obligations met. Materiality must be assessed separately from Exchequer activities and funds.

30. ACCEPTANCE OF GIFTS BY STAFF AND LINK TO STANDARDS OF BUSINESS CONDUCT (see overlap with SO No. 6 and SFI No. 21.2.6 (d))

The Director of Finance shall ensure that all staff are made aware of the Trust policy on acceptance of gifts and other benefits in kind by staff. This policy follows the guidance contained in the Department of Health circular HSG (93) 5 ‘Standards of Business Conduct for NHS Staff’ and is also deemed to be an integral part of these Standing Orders and Standing Financial Instructions (see overlap with SO No. 6).

31. PAYMENTS TO INDEPENDENT CONTRACTORS

Not applicable to NHS Trust’s

32. RETENTION OF RECORDS

32.1 The Chief Executive shall be responsible for maintaining archives for all records required to be retained in accordance with Department of Health guidelines.

32.2 The records held in archives shall be capable of retrieval by authorised persons.

32.3 Records held in accordance with latest Department of Health guidance shall only be destroyed at the express instigation of the Chief Executive. Detail shall be maintained of records so destroyed.

33. RISK MANAGEMENT AND INSURANCE

33.1 Programme of Risk Management

The Chief Executive shall ensure that the Trust has a programme of risk management, in accordance with current Department of Health assurance framework requirements, which must be approved and monitored by the Board.

The programme of risk management shall include:

a) a process for identifying and quantifying risks and potential liabilities;
b) engendering among all levels of staff a positive attitude towards the control of risk;

c) management processes to ensure all significant risks and potential liabilities are addressed including effective systems of internal control, cost effective insurance cover, and decisions on the acceptable level of retained risk;

d) contingency plans to offset the impact of adverse events;

e) audit arrangements including; Internal Audit, clinical audit, health and safety review;

f) a clear indication of which risks shall be insured;

g) arrangements to review the Risk Management programme.

The existence, integration and evaluation of the above elements will assist in providing a basis to make an Annual Governance Statement within the Annual Report and Accounts as required by current Department of Health guidance.

33.2 Insurance: Risk Pooling Schemes administered by NHSLA

The Board shall decide if the Trust will insure through the risk pooling schemes administered by the NHS Resolution or self-insure for some or all of the risks covered by the risk pooling schemes. If the Board decides not to use the risk pooling schemes for any of the risk areas (clinical, property and employers/third party liability) covered by the scheme this decision shall be reviewed annually.

33.3 Insurance arrangements with commercial insurers

33.3.1 There is a general prohibition on entering into insurance arrangements with commercial insurers. There are, however, three exceptions when Trust’s may enter into insurance arrangements with commercial insurers. The exceptions are:

1. Trust’s may enter commercial arrangements for insuring motor vehicles owned by the Trust including insuring third party liability arising from their use;

2. where the Trust is involved with a consortium in a Private Finance Initiative contract and the other consortium members require that commercial insurance arrangements are entered into; and

3. where income generation activities take place. Income generation activities should normally be insured against all risks using commercial insurance. If the income generation activity is also an activity normally carried out by the Trust for a NHS purpose the activity may be covered in the risk pool. Confirmation of coverage in the risk pool must be obtained from the NHS Resolution. In any case of doubt concerning a Trust’s powers to enter into commercial insurance arrangements the Finance Director should consult the Department of Health and Social Care.

33.4 Arrangements to be followed by the Board in agreeing Insurance cover

1. Where the Board decides to use the risk pooling schemes administered by Resolution the Director of Finance shall ensure that the arrangements entered into are appropriate and complementary to the risk management programme. The Director of Finance shall ensure that documented procedures cover these arrangements.

2. Where the Board decides not to use the risk pooling schemes administered by the NHS Resolution for one or other of the risks covered by the schemes, the Director of Finance shall ensure that the Board is informed of the nature and extent of the risks that are self-insured as a result of this decision. The Director of Finance will draw up formal documented procedures for the management of any claims arising from third parties and payments in respect of losses which will not be reimbursed.

3. All the risk pooling schemes require Scheme members to make some contribution to the settlement of claims (the ‘deductible’). The Director of Finance should ensure documented procedures also cover the management of claims and payments below the deductible in each case.
